NOTICE: To the Heirs of Spanish & Mexican Land Grants
RE: About the Coalition

A small group of heirs calling themselves the Coalition Leaders have volunteered to coordinate and lead the campaign. Their long association with the Fowler and Morganroth law firms, their research into the legal causes, and the connection to outside entities will help bring our situation out in the open.

For security purposes the identity of the group leaders is anonymous and confidential. Anyone taking the lead in this cause can be pressured, threatened with violence, and even death threats, so they ask all not to inquire and seek their identity.

Keeping their overall case secret in the past has hurt us, and we need to expose the wrongdoing and injury to our families to the general public. The coalition leaders are not standing still. They have discussed multiple plans to move ahead. Running a complex strategy like this one requires patience and above all timing to reveal and take the next step. They have had many heirs volunteer to help and they appreciate all help and input.

If you are contacting or been contacted by news journalists please have them coordinate information through them. They are working with several journalists coordinating valid laws and information so they are informed correctly. This is better as more news stories are being investigated. This is vital to keeping the story positive and for our cause. Wrong information could hurt us. Good information will help. Please use the link below for detail information.

Please stay tune, stay safe, stay connected and let us know how *you can help*.
