The Texas Papers Land Grant Corruption Part-1

Who is IRLEAKS?

IRLEAKS (Investigative Reporting Leaks) began as a news organization, covering stories of corruption in 1998. Since then they have covered corruption stories about police, prosecutors, politicians, the CIA, FBI, NSA whether they are on the right or left, they expose corruption. They only publish verified information, reports and leaks. They protect their sources.

The TEXAS PAPERS is an ongoing investigation that will expose Oil & Gas Companies and executives, **ranches**, the state of Texas, politicians, corruption, scandals, murders, and theft crimes over the past several hundred years.

The **largest investigation in history** from the Texas oil boom exposes murder, theft, swindling, fraud, the corruption that benefits powerful leaders, state officials, politicians, oil and gas companies, attorneys, who have **stolen trillions of dollars** in royalties from original land grant owners, descendants, and other citizens.
